Govt Abkary Contractors, Mysore

To

The Chief Secretary to the

Dewan, Bangalore

Sir,

We have the honor to bring to your notice for instructions the fact that destruction of Date trees is being carried on in Malavalli Taluk, and there being so few trees in that Taluk, it is a serious matter - We brought this to the notice of the Dewan, at a personal interview, when he was good enough to say that no ryot had a right over Date trees in unsettled Taluks whether standing on Cowdayem land or not, and we shall be grateful if you would kindly give us an order to that effect as Malavalli is at present unsettled.

We have &c

for Messrs Davy Moodaliar

Remarks and Orders

Remarks and Orders

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 8th June 1889.

Letter No. 945, dated 15th March 1887, from the Deputy Commissioner of Bangalore and letter No. 268—80, dated 7th May 1888, from the Deputy Commissioner of Kolar, submitting lists of lands containing date trees from which toddy is at present drawn.

No. 1978-87—47, DATED BANGALORE, 8TH JUNE 1889.

ORDER THEREON.—The lands as per accompanying Statement A in the Taluk of Bagepalli in the Kolar District, and in the Taluks of Bangalore, Dodballapur and Devanhalli in the Bangalore District, are ordered to be reserved for purposes of the toddy revenue. These lands should not be given out for cultivation without the sanction of Government obtained upon a special report submitted by the Deputy Commissioner in exceptional cases.

2. In the accompanying Statement B are specified certain lands in the aforesaid taluks which the Deputy Commissioners recommend for reservation though they are not in the possession of the Government. It is not desirable to acquire these lands at present, but should they, at any future time, be relinquished, they should not again be given out for occupation.

3. The Deputy Commissioners of Bangalore and Kolar are requested to cause to be duly recorded in the Village Account No. 1 the reservations above ordered, and to enjoin upon the local Revenue officials, close watchfulness to ensure their due enforcement. Where lands in Statement B are close to Government date groves, care should be taken to prevent encroachment.

4. It is reported that in the Chikballapur, Malur, Sidlaghatta and Bowringpet Taluks in the Kolar District, and in the Hoskote and Anekal Taluks in the Bangalore District, there are no date groves from which toddy is now drawn.

5. Orders have already been passed on the lists received from the Tumkur, Shimoga, Kadur and Chitaldroog Districts in Proceedings Nos. 7462-9—202 and 353—12, dated 25th February and 19th April 1888 respectively.

6. In regard to the taluks in which specific fields are ordered to be reserved for purposes of toddy revenue as above, the restriction contained in the Order No. 3593—81 of 11th September 1884 against the grant for occupation of lands on which there are date trees, is hereby withdrawn.

7. In the Chitaldroog District, there is an extensive area under date trees. This area is capable of very considerable reduction in so far as the toddy revenue is concerned, and the Deputy Commissioner of that District is accordingly requested to make a careful enquiry and report the minimum extent required to be reserved in each taluk for the purpose of the toddy revenue above, excluding therefrom all topes from which toddy may now be drawn for the manufacture of jaggory. It is obviously most undesirable that extension of cultivation should be prevented by the reservation of every Government land on which there may be date trees without reference to the fact whether such trees are really required for the purpose of the toddy revenue or not. The Government are willing to make a very liberal allowance, but the reservations recommended by the Deputy Commissioner are far in excess of the highest possible demands of the toddy revenue. It is perhaps desirable on many grounds to give a temporary lease of some of the lands in question for the purpose of manufacture of jaggory, on the expiry of the present toddy contracts, and the Deputy Commissioner of Chitaldroog is accordingly requested to submit an early report upon the entire question.

8. In the Mysore District where a special agency has been employed, lists of reservations required have been received for the Taluks of Attikuppa, Nagamangala, Seringapatam, Mysore, Heggaddevankote and Hunsur, and separate orders will be passed upon them.

9. The Deputy Commissioners of Bangalore, Mysore and Kolar are requested to expedite the submission of lists for the remaining taluks of their Districts and the Deputy Commissioner of Hassan to submit lists for the taluks in that District without further delay.

VIJAYINDRA RAO,
Chief Secretary.

To—The Superintendent, Revenue Survey, in continuation of letter No. 3258—58, dated 22nd July 1887.
The Excise Commissioner of Mysore.
The Deputy Commissioners of Districts.

Original missing

4

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 8th June 1889.

READ THE FOLLOWING PAPERS :—

From the Chief Secretary to the Dewan of Mysore, To the Superintendent, Mysore Revenue Survey, No. 3258—58, dated 22nd July 1886.

It having been brought to the notice of the Dewan that lands containing date trees are indiscriminately granted for cultivation in the Mysore District, especially in Taluks to which the Survey Settlement has not been extended, I am directed to request that in Taluks still remaining to be settled you will be so good as to take steps for the proper demarcation of toddy topes from which toddy is at present drawn, and of which a list will be furnished to you by Messrs. Davy, Muddappa and Co., Toddy Contractors of the Mysore District. The demarcation now ordered is intended to prevent the growth of occupancy rights in these topes from which a large revenue is derived by Government, and it is desirable I am to add to carry it out in the manner laid down for Amrut Mahal Kavals.

In regard to toddy topes in the settled Taluks of Heggaddevankote, Yedatore and Hunsur, a separate communication will be made on completion of the enquiries which are now being made in regard to them.

No. 3856-64—144, dated 7th August 1886.

ORDER.—With reference to the orders noted in the margin, prohibiting the grant of lands containing date trees for cultivation, the Dewan observes that the restriction as it now stands is too general, and he is of opinion that it should be confined to topes actually required for the purpose of the toddy contract. The Deputy Commissioners of Districts are accordingly requested, in consultation with the Toddy Contractors or their agents, to cause a statement to be prepared in the accompanying form showing the situation, numbers, extent and assessment of all lands from which toddy is at present drawn, whether such lands be in the possession of raiyats or Government. The statement should be prepared for each taluk separately with the assistance of the Toddy Amins and sub-contractors and the village officials, and when completed, should be submitted to this office for record. On receipt of such lists, orders will issue restricting the operation of the existing orders to lands included in them. The necessary instructions should be at once issued to the Amildars concerned.

Proceedings No. 2827-57, dated 21st August 1883.
Proceedings No. 3593-91, dated 11th September 1884.

No. 521 Survey Suptdts Office
Bangalore 21st Sept 86

(9)

To

The Chief Secretary
to the Dewan of
Mysore

Sir,

I have the honor to ob-
serve in reply to your re-
minder Gyl No. 4719/87 of the 15th
Instant that your letter
No. 3258/58 of the 22nd July
last was filed pending
further communication. I
have now forward copies
of correspondence which
have taken place Depart-
-mentally on receipt of
your letter of the 22nd July
as above.

2 You will perceive that the rules for measuring up "Skendi bans" or dat grones, as separate and distinct Numbers, are receiving [illegible] attention.

3 I may state that no bids have been furnished to me as yet by Messrs Dewey Muddapa and Co. the Contractors.

I have the honor to be
Sir,
Your most obedt. Servant
J. Grant
Superintendent Atpore
Rev. Survey

Below Chief Secretary to
Govt of Mysore's No. 3258/58 of the
18th July last to the Survey
Superintendent.

Enclosure

No. 345 Survey Supdts Office
Bangalore 26th July/86

Forwarded to the Deputy
Superintendent, Mysore Rail
Survey for information and
return. It is presumed that
the rules for demarcating
Shandi Bans into separate
Numbers are strictly observed

sd/ J. S. Grant
Supdt Mysore Rly
Sy.

No. 444 Dy Supdts Office
Bangalore 9th Augt
1886

With reference to the
Superintendent's endorsement

No. 3454 of the Dewan's letter
No. 3258/58 to the Deputy Superintendents.

has the honor to state that he directed all Assistants in charge of Measuring Establishments to report whether during the last or previous field seasons any infractions of the rules for measuring Shendi Bars had come to their notice.

2 With the exception of the H. Establishment the reports are to the effect that the orders laid down in P. W. H. Nos. 14 and 9 of 1864 and 1865 respectively have been strictly adhered to.

3 In the H. Establishment four cases of inclusion of strips

of

of Shendi Bans in adjoining cultivated Nos were met with; the necessary corrections were made at the time.

4. In the above cases the Measurers explained that the strips of Shendi Ban were stated by the village officials and Pattadars to be part and parcel of their holdings, and they therefore included them.

Signed / J. Rutherfurd

The Dewan

to H.H. the Incha ajna
of Ivya &c

The detailed inspection of all
Date growing lands growing Date trees in the Hunsur
Taluk having been completed I now
have the honor of laying before you
a few remarks on the subject, which
coming from one who has had sixteen
years experience in such matters will
not I trust be considered a liberty.-

I Having taken a great personal interest
in the matter I have gone most
thoroughly into the question, and I find
there is scarcely a single place in the
Hunsur Taluk where Date trees are growing
in groups of any considerable number
on cauvayam lands -

II The Government topes are few
in number and small in extent and
quite inadequate for the supply of toddy
for consumption within the boundaries
of the Taluk, much less for exportation
to other Talukes.-

III The trees which are now standing on Candayam lands are scattered round the edges of the cultivated fields, and on these alone; in many cases, the Cantis is dependent for a supply for his shops.

IV From this it is quite plain that all orders issued on the subject of surveying and protecting Government topes have hitherto been totally disregarded - Even during the Survey settlement no trouble whatever has been taken to reserve such lands. From my own experience I believe this will apply to many other Taluks.

V As there can be no doubt that the revenue from Toddy is falling off owing to insufficient supply, I would with all deference and respect urge that the work now so well begun may be carried out thoroughly.

VI In order to put a stop to further destruction of trees I would suggest 1st that no date trees on Candayam lands should be cut down without special sanction of Govt, until further orders. 2nd that the Amildars of Hunsur, Yedatora, Arkulgode, Hassan and Tirnakoodlu Narsepur, Nanjanagud and Chamarajnagar be instructed to collect large quantities of date seeds at once. 3rd That the Inspector Chittambar be ordered in conjunction with the Amildars.

auxiliary to select suitable sites in the Binzer and Beelu lands, care being taken with reference to the shops to be supplied and that the seed be sown as soon as the weather is favourable.

VII If this be carefully carried out there is little doubt that in 3 or 4 years there will be sufficient Government Date groves to make all shops independent of trees on Caudayan land when the order prohibiting the fellu of trees on such lands (vide para VI) could be withdrawn.

VIII As there are no groups of trees standing on Caudayan land in the Hundur Dalurk the question of resuming any such lands need not be considered, but in order to continue even the present inadequate supply of toddy, orders suspending the rights of Ryots to fell the trees on their lands should be issued until there are sufficient trees on Government lands to take their place.-

IX As the term for which the Inspector was employed has now nearly expired I would respectfully suggest that he be employed for a further period of six months, and that his pay which is at present

present-insufficient to cover his expenses when travelling about the District-he increased, and some allowance in the way of batta be given him-

X I understand that the Revenue Survey Department will in future carefully demarcate and reserve all lands containing Government Date Groves in the unsurveyed Taluks.

XI If approved of by you I should be glad to personally inspect this work from time to time and report progress-

I have the honor to be
Sir
Your most obt Servant

W. Vincombe Davy

Enclosures No.

General No. 572 } 188 —8.
No.

Requesting permission to delay the submission of the statement showing the situation, extent, assessment, &c. of lands containing date trees from which toddy is at present drawn

No. 572 Office of Dy. Collr. of Kadiem.

Chikmagalur, 11th March 1887.

15

To

The Chief Secretary to the

Dewan in Mysore.

Sir,

With reference to the P.R.O. of the Dewan No. 3856-64/144 dy. 7th August last, directing a statement to be prepared in consultation with the Toddy Contractors or their agents, shewing the situations, numbers, extent and assessment of all lands containing date trees from which toddy is at present drawn, — I have the honor to state that the Jamabandi Officer, Mr. Krishnaiengar, of the Kadiem Taluk — the only taluk in this district in which there

missing

No. 572 Office of Dyfan[illegible] of Kadur.

Chikmagalur, 11th March 1887.

(15)

To

The Chief Secretary to the

Dewan in Mysore.

Sir,

With reference to the Pro. of the Dewan No. 3856-64/144 dy 7th August last, directing a statement to be prepared in consultation with the Toddy Contractors or their agents, shewing the situations, number extent and assessment of all lands containing date trees from which toddy is at present drawn, — I have the honor to state that the Jamabandi Officer Mr. Krishnaiengar, of the Kadur Taluk — the only taluk in this district in which there

missing

is "shendi" to any extent — was directed to prepare and submit the statement called for. On Mr. Krishniengar's leaving the District, he reported that he had been unable to do this before his transfer and returned the papers to me.

The Amildar reports that he has been unable to secure the attendance of the Contractor's agent, who contents himself with writing to the Amildar that all lands containing any date trees or even small plants should be reserved.

In view of the old contract having all but expired, I think it advisable to wait till the holders of the new contract

are known, and then to consult with them as to the toddy topes they are likely to use; and request that I may be permitted to delay the submission of the statement till then.

I visited the day before yesterday, along with the Amildar, the villages of Mallappanhalli & Dodnaikanhalli, in which there are very important Shendi topes, and settled what lands might be given out and what with numbers were to be strictly reserved for toddy; and there is no other dispute about toddy trees pending. No harm will be therefore caused by the delay.

I have the honor to be,
Sir,
Your most obt. Servant,

G. Mackenzie

Dy Commissioner
Kadur Dt.

Read: Letter No. 945 dy 15th March 1887 from the Dy Comr of Bangalore and Letter No 268/80 dy 7th May/88 from the Dy Comr of Kolar, submitting lists of lands containing Date trees from which Toddy is at present drawn.

Order thereon.

The lands as per accompanying Statement A in the Talukes of Bagepalli & Chintamani in the Kolar Dist. and in the Talukes of Bangalore, Doddaballapur & Devanhalli in the Bangalore District, are ordered to be reserved for purposes of the Toddy Revenue. These lands should not be given out for cultivation without the sanction of Govt obtained upon a Special report submitted by the Dist Comrs in exceptional cases.

The accompanying Statement.

Revised Notice
Dy Comrs concerned
attended to

ment B are specified
certain lands in the
aforesaid Talukas which
the Dept Commrs recommend
for reservation though
they are not ~~now~~ in the
possession of the Govt —
It is not desirable to
acquire these lands at
present, but if they
~~be~~ at any future time be
relinquished, they shd
not again be given
out for occupation —

3. The Dept Commrs of
Bangalore & Kolar
are requested to cause
the duly recorded

Encl. 2.

Dated Hassan 9th June 1889

From P. R. Purnaiya Esqr.
D.C. Commissioner
Hassan Dist.

To,
The Chief Secretary to the
Govt of Mysore.

Sir,

Adverting to Proceedings No 1978-87 of 8th June 1889, regarding the Submission of Lists shewing particulars of lands to be reserved for purposes of Toddy revenue, I have the honor to Submit two Statements received from the Arsikere Taluk as per margin, revised without reference to the Contractor who has not in spite of repeated reminders returned the Taluk Statements sent to him for an expression of his opinion, regarding the lands to be reserved after inspection by the Amildars. Statement

A Statement shewing all the fields from which Toddy is drawn.
B " " " " " are recommended to be reserved for Toddy revenue.

A is the [illegible] in the prescribed form and shows exclusively lands containing trees from which Toddy is now drawn, whereas B shows other lands fit to be reserved. tho' Toddy is not drawn now. .

2. I may add that Trivikrm Taluk has the largest extent of land containing Toddy trees and next to it is Chemmanad. Manjarakad and Arkalgud have no Toddy groves and the others are not of much importance in this respect. —

3. The Contractor has however been asked to return to this office the Statements of other Taluks sent to him without keeping them longer and they will shortly follow revised if necessary by this office. —

In conclusion I beg to add that the aggregate area of land from which Toddy is now drawn as per list A, is about 18,000 acres and a larger extent than this, seems in my humble opinion, not necessary to be reserved even calculating for supplementary to the supply of Toddy to other neighbouring Talukas. -

Deputy Commissioner's Office

3rd December 1889.

To

The Chief Secretary to the Govern-
-ment of Mysore Bangalore

Sir,

With reference to para 9 of Govern-
-ment Proceedings No. 1978-87 dated the 8th
47
June last, I have the honor to submit
herewith the* statements of lands con-
-taining date trees in the Mulabagal
and Chintamany Talukd.

* with the Kanarese Statements received from the Amildars to be blegraphed by return

2. All Kharab lands having date trees have irrespective of their number been as a general rule recommended to be reserved, with a view to the propogation of the trees by dibbling seeds wherever necessary. If on application it should hereafter in the interests of Government be found desirable to assess and give out for cultivation these lands or any portion thereof then the question of reserving or disposing of the trees standing thereon may be considered

with

with reference to the importance of the revenue derivable therefrom by Government.

3. With regard to assessed waste lands, the proposals to reserve the same are confined to cases where the toddy revenue is considered to be larger than the annual land assessment.

4. In the case of lands now under occupancy, the reservation wherever necessary will only have to be made in the event of the lands being resigned or forfeited by the holders in their present condition

5. The statements received from the Amildar of the Kolar Taluk and the Deputy Amildar of the Srinivaspur Sub Taluk being incomplete, they have been returned for revision and early resubmission. The list for Gopinadrur the most important Taluk in the District in respect of Toddy Revenue, has not as yet been submitted by the Amildar to whom a stringent reminder has again been issued for the same.

6 On receipt of the necessary

particulars

particulars from the above officers, the lists for the said Taluks and Sub Taluks will be submitted.

7 I have already issued orders to the Amildars and Deputy Amildars to open a regular register of lands which have hitherto been and which may hereafter be reserved on account of the date trees existing thereon and to improve those lands for the growth of such trees through the agency of the Villagers as far as possible.

8. In cases where the areas to be planted are extensive, the necessary help from the Forest Funds will be given in communication with the Inspector General of Forests who has already been addressed on the subject.

I have the honor to be
Sir
Your most Obedient Servant

Abdul Rahman
Deputy Commissioner
